ROCKY MOUNTAIN AUDIO FEST - 2009

All we can say, once again, is "What a show!" We exhibited in our own room, as well as cabling the GTT/YG/ Soulution Room, the Veloce Audio Room, and the Sounds Real Audio Room (our dealer in Denver).

Kubala-Sosna Room
EMOTION/ E.A.R./ Marten Design

The K-S room received an "Audio Oasis" award from Positive Feedback, and other recognition as one of the best sounds at RMAF.

GTT Room
ELATION/ Soulution/ YG Acoustics

The GTT room received quite a few accolades as the best of show, which was quite deserved. This room sounded like no other. The combination of resolution, transparency and musicality was outstanding! Congratulations !!

Veloce Audio utilized Emotion cables and they introduced some very creative hybrid battery/ tube electronics that caught the attention of one Harry Pearson! Gemme Speakers were used.

Kubala-Sosna was also shown in the Sounds Real Audio Room which utilized a combination of Elation and Emotion. The system was deHavilland and Wilson Benesch. This room also saw its name included amongst the best sound at the show.

Four-for-Four!! We are lucky to be in rooms with great equipment. Once again, K-S cables prove they make a difference!!
